# UKG Dimensions — Clock From Any Device

With UKG Dimensions, clocking is quick and simple!
Just punch in and out using one of these methods.

Web Browser Clock

Team members can use a desktop, laptop, or workstation computer to clock for their shifts using the **My Time and Schedule** tile on My Hub.

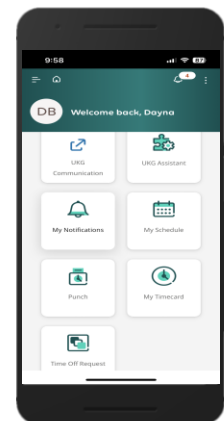

Timeclock

Where available, team members can use a timeclock to swipe in and out for shifts, using their **primary badge**.

Mobile App Clocking

Team members can clock for their shifts using the **UKG Dimensions app** from their personal mobile devices. To make clocking from a personal device quick and easy, connect to the Guest Wi-Fi network

Meal Attestation in UKG Dimensions means clocking out/in for a standard 30-minute meal break can be completed via attestation at the end of the shift. Meal attestation is also available from any of the devices listed above.
