

# Supply Chain

# Day 1 Supply Access & Delivery

## What's Changing?

### Ordering Made Easier:

- Preloaded shopping lists for key areas (e.g., EVS supplies)
- Punchouts will continue for suppliers (e.g., Staples, McKesson, Grainger, CDW)
- Par locations will be set up in PeopleSoft for easy supply management.

### Nurses Scanning Supplies:

- Supply Chain par techs will handle scanning on the nursing floor.

### Order Management:

- All requisitions will be processed by AdventHealth Shared Services Procurement, with system updates available for tracking.

## What Stays the Same?

### Receiving Process

- The Supply Chain team will continue managing all receiving processes as they currently do.

### Ordering Process:

- Minimal changes; transitioning to a new ERP system (PeopleSoft), with training provided in February.
